## **Education :**

CEGEP diploma in Farm Management and Technology, vegetable crops specialization, CEGEP Regional de Lanaudière à Joliette, 2001.

## **Work experiences:**

18 years of presence among vegetable and berry growers on the north shore of Montreal, as much as crop manager on farm site, crop advisor in consulting firm and as sale representative for ag retailers.

Self-employed for the last 8 years now, working from technical/agronomic support to agroenvironmental services and food safety (GAP) specifically in vegetable crops, with a distinctive specialization in asparagus and cole crops.

Worked as teacher in diverse crop sciences courses at Cégep Regional de Lanaudière at Joliette.

Multi-level involvement in technical committees in collaboration with other research stakeholders, departmental stakeholders and agronomist colleagues.

Several trips abroad (France, Mexico, Italy, USA, among others) to deepen her agronomic knowledge, many of which specifically concern the production of asparagus.
